### **Unknown Operations**

Written commitment from IDNR that all newly identified animal feeding operations discovered as a result of its effort to identify unknown large and medium AFOs will be evaluated pursuant to the Comprehensive Survey SOP.

### **Permanent Remedy at medium open feedlots that have discharged**

Written commitment from IDNR, that medium open feedlots that have discharged and completed facility modifications to remedy the cause of the discharge instead of obtaining an NPDES permit, will be flagged for follow-up in the field office compliance database.
